Janet, Erin:

I've attached the Q&A for tomorrow. For now let's just keep this 'off line.' CD now has the pen on this.

For the other Q&A – what I am calling the "living doc" – I took all the Q&As we have had so far, including I&M and additional inquiries from press, and combined it into one document. I will soon share it with you via OneDrive. We'll see how it goes.
